

QUALITY POLICY

ENGLISH

THIS POLICY

- has been set on Ahlberg Cameras business concept, vision and values that guide Ahlbergs operations.
- shall guide the daily business of Ahlberg employees in their quality work.
- apply to all employees at Ahlberg.

POLICY

We manufacture and deliver high quality radiation tolerant inspection and surveillance systems with the latest technology for the nuclear industry worldwide.

Our goal is to be ahead of our competitors and continuous increase profit and satisfaction among our customers and employees in supplying means for increased safety and reduced plant operation costs in quick high service-level consignments.

Johan Bäckström
Chief Executive Officer
