

CAMERA CABLE T32

MONOCHROME CAMERA CABLE

The T32 camera cable is used together with Ahlberg monochrome cameras. It is a flexible and strong cable specially designed with Kevlar braid for supporting the camera hanging solely by its cable.

APPLICATIONS

- Cable for underwater use or in air together with Ahlberg monochrome cameras

BENEFITS

- A flexible and strong cable
- Can be equipped with a reterminable connector for use in air and a molded connector for underwater use
- Specially designed with Kevlar braid for supporting the camera hanging solely by its cable.

SPECIFICATIONS

Number of conductors	30 + 2 coaxial
Diameter	12 mm (0.47")
Outer sheath	PUR, frosted
Color	Black
Minimum bend radius, flexible installation	80 mm (3.15")
Temperature rating	-40°C to +80°C (-40°F to +176°F)
Weight	0.26 kg/m
Ingress protection	IP68 (underwater part)
Water tightness	3.5 bar (35 m)
Tensile strength	5 000 N
Radiation tolerance (total dose)	2 000 000 Gy (200 000 000 rad)
