CCU200

CAMERA CONTROL UNIT

The CCU200 is a state-of-the-art multi-functional Camera Control Unit for SD and HD cameras. It is a scalable unit: optional functions such as recording and video overlay can via plug-in circuit boards be added to the basic camera control functions. The front panel houses a remote control connection for the hand-held remote control unit.

APPLICATIONS

- Multi-functional control unit for most Ahlberg HD, SD and monochrome tube cameras with pan-and-tilt units and lights
- To be mounted on a rack, 19" 3U

BENEFITS

- Scalable functions like Video Overlay and Video Recording can be added to the basic camera functions
- Controls both SD and HD cameras
- No calibrations required when changing camera or camera cable
- Can be controlled via Pelco interface
