CCU400

CAMERA AND LIGHTING CONTROL UNIT

The CCU400 is the camera control unit used in 4-face systems and in other systems with PTZ170 cameras. The unit powers up to five cameras and controls the pan&tilt movement of these. The unit also powers and controls dimming of up to five LED lights used in the fuel inspection systems. The front panel houses a remote control connection for the hand-held remote control unit.

APPLICATIONS

- Used in Ahlberg 4-face and other fuel inspection systems
- To be mounted on a rack, 19" 3U

BENEFITS

- Controls 1-5 PTZ170 cameras and 1-5 Ahl-Light 10 lights
- Can be controlled via a handheld remote
